VISION & MISSION

Vision

To emerge as the premier global provider of high-quality frozen food raw materials, including semi-finished products, fish by-products and agricultural goods. We are distinguished by our steadfast commitment to excellence, innovation, and sustainability across our international business operations, setting the standard for quality and reliability in the industry.

Mission

Our mission is to lead the global market in delivering high-quality food primary commodities. Upholding the highest standards of quality, sustainability, and ethical business practices, we forge innovative partnerships and cultivate excellence to provide unparalleled value to our customers worldwide.

Through a relentless commitment to innovation and continuous improvement, we strive to anticipate and meet the evolving needs of our customers while driving sustainable growth for our business and the broader industry.

We are dedicated to fostering a culture of collaboration, integrity, and empowerment among our team members, enabling them to thrive and contribute meaningfully to our shared success.

OUR SERVICES

PRODUCT VARIETY:

Providing a diverse range of products from frozen food like fish, seafood or meat, semi-finished products like fish fillets, by-products like fish meal or fish oil, to agricultural commodities like sugar, grains, oils in order to meet different preferences and requirements.

CUSTOMIZED ORDER FULFILLMENT:

Tailoring orders to meet specific customer needs, including processing, packaging, and labeling.

EXPORT CERTIFICATION AND QUALITY CONTROL:

Ensuring that all goods are certified for export, and conducting laboratory analysis and quality inspections before shipment to maintain product compliance.

LOGISTICS AND WAREHOUSING:

We partner with trusted logistics providers to ensure efficient supply chain management. With their secure storage facilities, we maintain the quality and freshness of the products throughout the logistics process.

FLEXIBLE TERMS AND CONDITIONS:

We offer both short-term and long-term cooperation. We are open to dialogue and strive to negotiate the best prices for our customers. Our terms are transparent and discussable.

OILS, GRAINS, SUGAR

OILS

We offer a variety of oils, including rapeseed / canola, sunflower, and soybean oil, each boasting unique flavors and versatile applications. From cooking to food processing, our oils are suitable for a range of purposes. Our capacity allows for larger-scale orders, with volumes of up to 5000 metric tons.

GRAINS

Our selection includes a diverse range of grains including rye, wheat, barley etc. Partnering with trusted farmers and producers ensures our products meet the highest standards of purity and freshness. Whether you need bulk quantities for animal feed, milling, or food processing, our meticulously sourced grains deliver optimal results for your operation.

SUGAR

We offer both cane sugar and beet sugar, providing you with options to suit your specific requirements. Whether you need sugar for baking, beverage production, or other applications, we have you covered. Our minimum order quantity (MOQ) is 100 metric tons, and our monthly sugar volumes can reach up to 3000 metric tons.

ORDER IN 5 STEPS

ONE

Submit a Letter of Intent (LOI). Include essential details such as the desired quantity, product specifications, delivery terms, destination port, target price and any other relevant information.

TWO

Receive Commercial Offer (CO) or FCO. The CO/FCO includes information on pricing, terms and conditions, payment methods, and any additional requirements.

THREE

Review and negotiate: Carefully review the CO/FCO and discuss any necessary changes or clarifications with our team. We are open to negotiating terms to ensure a mutually beneficial agreement.

FOUR

Once both parties are satisfied with the terms, the buyer confirms acceptance of the CO/FCO. This step may involve signing a contract or purchase agreement to formalize the transaction.

FIVE

Arrange payment and delivery: The buyer proceeds with arranging the agreed-upon payment method, and the seller initiates the delivery process according to the specified terms and timeline.
